

# DeMolay International

## Distinguished Service Award

### Reporting Form

*The International Supreme Council established the Distinguished Service Award in the fall of 1959. In some jurisdictions, this award is known as the "DeMolay of the Year" award. The purpose of the award is to recognize one DeMolay in each jurisdiction for outstanding service to others, in his home, church, Chapter, community and country.*

*The Chapter's Advisory Council members select one or more members of the Chapter whom they believe worthy of this recognition. Adult leaders in the community then are to evaluate the nominee's performance in various areas.*

*When all of the endorsers' recommendations have been returned to the Chapter, the Advisory Council selects one Chapter member as it's nominee for the DSA and sends the nomination to the Executive Officer. The Executive Officer also has the privilege of making a personal nomination. Nominations may be made twice each year.*

*After receiving the nominations from all the Chapters, the Executive Officer selects one of the DeMolays for the Distinguished Service Award.*
